**Matters Arising****Point 2 of GB - Urupa Trustees Review – Kaupa Teariki**

*At the last meeting Kaupa Teariki who has been a trustee for the triangle piece of land on the corner of Ngatarawa and Maraekakaho Roads since 1988 indicated that he wants to come off that committee. The committee has been dormant for many years and many trustees have now passed on.*

Alayna Watene shared that the triangle is a reservation and the trustees were set up to maintain mana whenua over that reserve, so that council would have to engage with the trust with their plans for the land. The trust never had control over the land as such. Moe Taurima recalled a big session that was held around 1996 at Maori Land Court about the urupa behind the chapel. After some discussion it was agreed that the Korongata Marae Trustees contact and invite the trustees of both the triangle block and the urupa behind the chapel to discuss a way forward. A suggestion is to disband the current trusts and that the Korongata Marae Trustees represent those said blocks and interests. The discussion included involving neighbouring land owners.

Action: That the Korongata Marae Trustees contact and invite the trustees of both the triangle block and the urupa behind the chapel to discuss a way forward.

**Chairpersons Report:** Traci Tuimaseve invited whānau to stand where they are to share the names of those loved ones who have passed away in the past 12 months. The following names were shared.

The Provincial Growth Fund applied by Te Taiwhenua o Heretaunga to repair and upgrade driveway, wharekai and wharepaku. The driveway has been completed, other work will commence soon. Summary of Report: Opening Balance as at 1 April 2020- \$29,153.21. Income \$1,017,937.24. Expenses including Term Deposits \$1,024,107.90. Deficit -\$6,170.66. Closing Balance as at 31 March 2021 \$22,982.55.

Mahia Henderson asked why the 2020 AGM expenses were so high. Ruth Wong answered that the AGM expenses included catering, advertising, printing and recording and livestreaming via Trailmedia. Traci Tuimaseve invited whānau to give their email to Ruth Wong if they would like a copy of full financial report.

**Presentations:** Traci Tuimaseve shared the following presentations by TV presentation and this was also available to read in the Korongata Marae AGM Booklet  
<https://www.korongatamarae.com/korongatamaraeagm7august2021>

- Marae Charter Review
  - Points in the proposed review were shared. Trustees are discussing points on a monthly basis and feedback has been encouraged from the whānau to their trustee if they have any pressing questions or would like to contribute in any way.
- Strategic Plan Update
  - The strategic plan was presented and whānau were invited to stay to participate further in the wānanga where they can contribute to the strategic plan that will assist in the applications for funding going forward.
- Nukanoa Rebuild
  - Traci reminded the whānau that the choice to rebuild was made by the last Trustees. When the current trustees took over there was hope to shore it up to accommodate tangihanga only until the rebuild plans took place, however after builders did a proper inspection of the roof it showed how bad it really is, that even shoring up would not be an option. The video footage was displayed.
  - Moe Taurima shared concerns about seeing this information on facebook and wanted clarification about what is happening with the marae.
  - Rose Reid also shared concerns about the Whare Tipuna Nukanoa being rebuilt and asked what will happen and when will whānau know what’s going on. She would like to make sure that Kaumātua who know

the protocol for such an event are involved with the planning of what will take place. Rose said that the Whare Tipuna is more than just a building, it has living memories.

- Kylee Manihera shared her feelings about the marae and having so many memories here. She acknowledged Laura Kele for inviting her along to the AGM. She's all for moving on, but also shared that Nukanoa has been a part of the Pa and people's lives who have many memories. She would like to see that we all move forward together.
- Moe Taurima said that we need a proper process to say goodbye. Moe also mentioned that there was more than one marae.
- Terri Crawford shared that because of our relationship to the Whare Tipuna and our living memories, we will think deeply about holding a poroporoaki and we welcome advice from experts in this field of tikanga.
- Rose Reid asked if Nukanoa can be reserved, ie. Any good parts of the building.
- Traci Tuimaseve shared that there will be wānanga held to plan the whole process. This will take the time it needs. Everyone will be welcome to have input into the kaupapa. Traci thanked everyone for their input.

**General Business:** No general business was received

**Closing Remarks:** Traci Tuimaseve thanked everyone for coming today and encouraged everyone to stay for the wānanga. Because we are finishing early, he suggested that we close the AGM, have an early lunch and go straight into the wananga by 12pm.

Terri Crawford presented the harvest of Poporo that was collected from Ngaruroro yesterday. She wanted to present it at the wānanga as part of the design of marae and wanted to ensure it presented for those who may not be staying for the wānanga. Terri shared that one of the elements that the Poporo brings is the use for healing depression or grief. She shared a few lines of this healing power.

**Karakia:** Templey Armitage
